Dear Mr. Keisler:

It is my pleasure to endorse your efforts to establish a Dad's Club, Inc., here in St. Augustine, Florida. This program could be a great benefit to families, whether traditional or single parent families alike. Many children in today's society do not have the leadership and assistance needed in order to build strong, healthy lives. The Dad's Club, Inc. could provide this much needed involvement and interaction between fathers and their children.

Good luck on your efforts to establish this very worthwhile program. If I can be of any further assistance, please do not hesitate to call on me.

Sincerely,

Loran K. Lueders
Chief of Police
